Lesson 8: Capstone: My Mini Market Stall

Module 2 | 45 minutes | Cost, price, profit | Grades 3–6 · ages 8–11

Name: _____ Class: _____ Date: _____

Your mission
Plan and run a pretend market stall with play money: choose a product, work out the cost and a fair price, make an honest poster and pitch, sell at the class market, keep a sales log, and work out your profit.

Checklist

- [ ] Product chosen, with the cost to make one item worked out
- [ ] A fair price that is more than the cost
- [ ] A poster with the product name, the price and one honest reason to buy
- [ ] A one-sentence sales pitch, practised
- [ ] A sales log with every sale and the change given
- [ ] Profit worked out as sales minus costs, with the working shown

Milestones

1. Product, cost and price planned — done on: _____
2. Poster and pitch ready, change box filled — done on: _____
3. Stall run at the class market with a sales log — done on: _____
4. Money counted and profit worked out — done on: _____

Plan it

Sketch your stage and write what each sprite will do.

How it will be marked

Criterion	1 · Beginning	2 · Developing	3 · Secure	4 · Excellent
Cost, price and profit	Cost or price is missing	Cost and price are there, but profit is wrong	Cost, price and profit are all correct	All correct, with working shown, and explains how a different price would change the profit
Poster and pitch	No poster or pitch	A poster or a pitch, but not both	Clear poster and a friendly, honest pitch	Eye-catching poster and a confident, honest pitch used with every customer
Selling and change	Did not sell or gave wrong change often	Sold with help; some change mistakes	Sold on their own and gave correct change	Sold confidently, gave correct change every time and helped a teammate
Sales log and reflection	No sales log	Sales log has gaps	Complete sales log and a short reflection	Complete, neat sales log and a reflection with a clear idea to improve

Want more?

- Plan a second product for your stall and compare which one makes more profit.
- Try two different prices in two rounds of the market and record which works better.
- With a grown-up, visit a local shop or market and ask the shopkeeper one question about how they set prices.

Two stars and a wish

Ask a friend to test your project.
