Plan it

Write your plan: the problem, who it is for, the AI tools you will use, and how you will check the AI's work.

How it will be marked

Criterion	1 · Beginning	2 · Developing	3 · Secure	4 · Excellent
Research & verification	Facts not checked	Some facts checked in one source	Key facts verified in two trusted sources, listed	All facts verified; an AI error or unverifiable claim was found and handled
Message & call to action	Message unclear	Message clear but actions vague	Clear message with three doable actions and a call to action	Memorable, persuasive message tailored to a local audience
Creation (poster + script)	Poster or script missing	Both present but hard to read or too long	Clear poster and a timed 30-second script	Polished, eye-catching design and a script with a strong hook
Responsible AI	Checklist not used	Some checklist items done	All checklist items done; AI help labelled	Explains how AI was used and the choices made for fairness, privacy and honesty

Want more?

- Record the 30-second video with a phone (objects and voice only — no faces needed)
