LESSON PLAN · SCRATCH JUNIOR (K–2) INTERMEDIATE: STORY MAKERS

Lesson 5: Patterns Inside Patterns

Module 2 | 30 minutes | Loops with several blocks | KG–Grade 2 · ages 5–7

Objective: Put several blocks inside a repeat to make longer patterns, like dances and walks around shapes.

Success criteria

- I can find a chunk that repeats.
- I can put several blocks in a repeat.
- I can make dances and shapes with loops.

Key vocabulary

- **chunk**: A group of blocks that repeats.
- **pattern**: Something that happens again.
- **inside**: Within the loop.

You will need

- Projector with Kitabash (lesson video, Code Lab)
- Devices: 1 per learner or pair
- Printed worksheet (optional)

Timed lesson plan (30 min)

Time	Stage	What happens
5 min	**Warm-up (unplugged)**	Dance chunk (5 min): class learns a 3-move chunk and repeats it 3 times.
5 min	**Watch**	Play the lesson video with captions; pause at each heading and ask a question.
8 min	**Build along**	Dance chunk: learners follow the steps.
5 min	**Perform**	Stair dance, Grow dance, Count the chunk
3 min	**Probe**	Garden square
4 min	**Wrap-up**	Exit ticket: Show me a chunk with 2 blocks inside a repeat.

Unplugged warm-up

Dance chunk (5 min): class learns a 3-move chunk and repeats it 3 times.

Teaching the idea

Loops with multi-block bodies: identify the repeating chunk (pattern recognition / decomposition), place it in a loop. Ending state checks (size 0, back at start) build precision.

Analogy: A chorus with several lines, sung again and again.

Live demo: Write a long dance, circle the chunk, then wrap it in a repeat.

Questions to ask

Ask	Listen for
What is the chunk?	The repeating blocks.
How many times?	The repeat number.
What if a block is outside the loop?	It runs once.

Differentiation

Support
Colour the chunk on a printed pattern strip.

Stretch
Make a chunk with 4 blocks that draws a big square.

Common misconceptions

Misconception	How to fix it
Only one block can go in a loop	Many can.

Assessment

Use the Code Lab results (auto-checked), the quick checks and the Probe answers. Written answers arrive in your review queue.

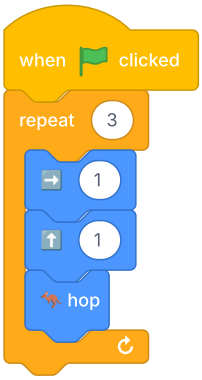

Exit ticket
Show me a chunk with 2 blocks inside a repeat.

Homework
Make up a 3-move dance chunk and repeat it for your family.

Answer key — Kitabash activities

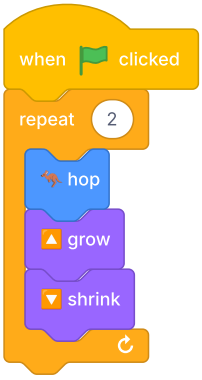

1. Stair dance (perform · block code)

One solution:

2. Grow dance (perform · block code)

One solution:

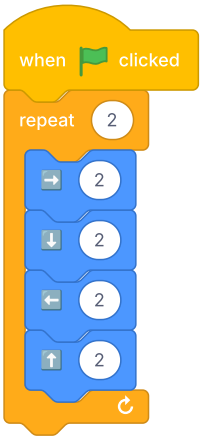

3. Count the chunk (perform · multiple choice)

Answer: 2

4. Garden square (probe · block code)

One solution:

Answer key — worksheet

1. **Key words:** chunk = A group of blocks that repeats. · pattern = Something that happens again. · inside = Within the loop.
2. **Count the chunk:** A. 2 — Right and hop — two blocks repeat.
3. **Circle the chunk:** 🔁 3 [🦘🔼🔽]
