Timed lesson plan (35 min)

Time	Stage	What happens
5 min	**Warm-up (unplugged)**	Class parade (5 min): each group repeats its own chunk while marching.
5 min	**Watch & plan**	Play the project video; learners plan on the project brief.
10 min	**Build**	Build-along steps, then Elephant march. Check in halfway: everyone has something working.
7 min	**Test & peer feedback**	Swap and test each other's work: two stars and a wish.
8 min	**Improve & submit**	Improve one thing; My Animal Parade.

Unplugged warm-up

Class parade (5 min): each group repeats its own chunk while marching.

Teaching the idea

Applies multi-block loops and looks across several sprites running in parallel from the green flag.

Analogy: A marching band: everyone repeats their steps.

Live demo: Show copying a script to another character in ScratchJr (drag the script onto the other character).

Questions to ask

Ask	Listen for
What is each animal's chunk?	Share.
Do they all start together?	Green flag.
Who shows off?	The one with grow/shrink.

Differentiation

Support
One animal only, with a repeat.

Stretch
Animals that march different ways (one goes up).

Common misconceptions

Misconception	How to fix it
Every animal needs a new script from scratch	You can copy and change.

Assessment

Project rubric (also on the project brief):

Criterion	1 · Beginning	2 · Developing	3 · Secure	4 · Excellent
Loops	Not yet	One repeat	Repeats with chunks	Different chunks for different animals
Looks	Not yet	Used with help	Grow or shrink used	Looks that fit the parade
Sharing	Not shared	Shared with help	Shared and explained	Explained and helped a friend

Exit ticket
