Timed lesson plan (30 min)

Time	Stage	What happens
5 min	**Warm-up (unplugged)**	Stage play (5 min): children exit and enter a pretend stage.
5 min	**Watch**	Play the lesson video with captions; pause at each heading and ask a question.
8 min	**Build along**	A two-page story: learners follow the steps.
5 min	**Perform**	Leave the house, Ta-da entrance, New places
3 min	**Probe**	Two pages
4 min	**Wrap-up**	Exit ticket: Which block makes a character leave quietly?

Unplugged warm-up

Stage play (5 min): children exit and enter a pretend stage.

Teaching the idea

Scenes/pages model story settings. Exits (move off, hide) and entrances (show, move in) make transitions; ScratchJr's "go to page" end block switches pages.

Analogy: A play: actors leave the stage, the curtain changes, they come back in a new place.

Live demo: Show a two-page story; point to the go-to-page block.

Questions to ask

Ask	Listen for
How does the cat leave?	Walk to the edge and hide.
What starts page 2?	The go-to-page block.
What happens on page 2?	New place, new script.

Differentiation

Support
Prepare two pages; children add only the go-to-page block.

Stretch
A three-page journey.

Common misconceptions

Misconception	How to fix it
Characters move between pages by themselves	Each page has its own characters.

Assessment

Use the Code Lab results (auto-checked), the quick checks and the Probe answers. Written answers arrive in your review queue.

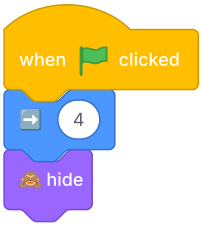

Exit ticket
