Lesson 3: Describe It!

Module 1 | 45 minutes | Describing words | Grades 3–6 · ages 8–11

Objective: Use describing words for colour, size, shape, sound and feeling to describe a picture, a person or a place in five sentences.

Success criteria

- I can use describing words for colour, size, sound and feeling.
- I can use place words like in the middle and on the left.
- I can describe a picture in five sentences.
- I can describe a favourite place.

Key vocabulary

- **adjective (describing word)**: A word that tells more about a thing, like big, red or noisy.
- **senses**: Seeing, hearing, smelling, tasting and touching.
- **detail**: A small piece of information that makes a picture clear.
- **opposite**: A word that means the reverse, like hot and cold.
- **in the middle**: In the centre of the picture.

You will need

- Projector or screen share with Kitabash (lesson video, activities)
- Devices: 1 per learner (laptop, tablet or phone); a microphone helps for speaking tasks
- Printed worksheet, paper and pencil
- Project files: l03-practice-sheet-describe-it.md, l03-teacher-script.md

Timed lesson plan (45 min)

Time	Stage	What happens
5 min	**Warm-up game**	Mystery bag: teacher describes a hidden object with three describing words; learners guess, then volunteers try with objects from their room.
5 min	**Watch + thumbs check**	Play the video. Thumbs up or down: “Nice is the best describing word.” (Down — choose sharper words.)
5 min	**Live upgrade demo**	Teacher builds a flat sentence into a rich one, one word at a time, with learners shouting describing words.
6 min	**Build-along**	Learners choose a picture on the practice sheet and plan their five sentences.
8 min	**Game time**	Describing-word sort race, opposites match, then Fill the picture talk. Poll: which group (colour, size, sound, feeling) was hardest?

5 min	**Pair practice (breakout)**	Pairs say their picture talk to each other; the listener ticks the checklist and counts describing words.
7 min	**Show-and-tell: picture talks**	Learners describe their picture on camera; the class guesses which picture it is before the speaker shows it.
4 min	**Probe + exit ticket**	Spot the best description, then the favourite place speak task (a few volunteers). Exit ticket in the chat.

Unplugged warm-up

Mystery bag (5 min): the teacher hides an object (a ball, a spoon, a toy) and describes it with three describing words only — “It is round, smooth and orange.” Learners guess. Then volunteers pick something from their room and describe it for the class to guess.

Teaching the idea

Learners learn that adjectives (“describing words”) tell us more about a noun, and that the five senses are a great source of them. Teach the five-sentence picture talk: what it shows, three details with place words, and a feeling. Show before-and-after sentences so they hear the difference. Encourage replacing “nice” and “good” with clearer words.

Analogy: Describing words are like crayons: “There is a dog” is a pencil outline, and every describing word adds a new colour.

Live demo: 1) Show a busy market picture (or any festival picture you have rights to use) on screen. 2) Say a flat description: “There is a market. It is nice.” Ask: “Can you see it in your head?” 3) Build it up live, adding one describing word at a time while learners suggest words: busy, colourful, noisy. 4) Point to the middle, left and back of the picture as you say place words. 5) Give your full five-sentence talk, counting on your fingers.

Questions to ask

Ask	Listen for
What is a describing word?	A word that tells more about a thing, like big or noisy.
Give a describing word for how a jalebi tastes.	Sweet, sticky, crispy.
What is the opposite of crowded?	Empty.
What are the five parts of our picture talk?	What it shows, three details, how it makes me feel.
Make this better: “The flower is nice.”	e.g. The flower is pink, soft and sweet-smelling.

Differentiation

Support
Give a describing-word mat with pictures and colours, and let learners point to the picture while they speak. Three sentences is a fine first goal.

Stretch
Use two describing words together (“a tall, green tree”) and a comparison (“as bright as the sun”).

Common misconceptions

Misconception	How to fix it
Putting the describing word after the noun: “a ball red”	Describing word first: “a red ball”.
Using “very very very nice” for everything	Choose a sharper word: beautiful, exciting, delicious.
Listing things without details: “tree, house, dog”	Make full sentences: “There is a tall tree next to the house.”

Assessment

Use the Code Lab results (auto-checked), the quick checks and the Probe answers. Written answers arrive in your review queue.

Exit ticket
Write one sentence about your favourite food with two describing words.

Homework
Choose a photo at home (with a grown-up’s permission) or look out of your window. Describe it in five sentences to a family member.

Answer key — Kitabash activities

1. Sort the describing words (perform · categorize)

Colour: golden, purple
Size or shape: tiny, round, enormous
Sound: noisy, quiet
Feeling: excited, calm, scared

2. Match the opposites (perform · matching)

big → small · noisy → quiet · hot → cold · bright → dark · crowded → empty

3. Fill the picture talk (perform · fill blank)

Answers: busy · middle · left · blue · excited

4. Speak: describe a picture in 5 sentences (perform · speaking)

Listen for: I said five sentences · I used at least three describing words · I used a place word (middle, left, right, back) · I said how it makes me feel · I spoke slowly and looked up

5. Spot the best description (probe · multiple choice)

Answer: Dark grey clouds fill the sky, and heavy rain splashes on the street.

6. Probe: my favourite place (probe · speaking)

Listen for: I named my favourite place · I used at least three describing words · I used a sense word (see, hear, smell, feel) · I said how I feel there · I did not share my address
